

Our Mission

To provide a continuum of care for seniors including individuals who need total care on a 24 hour per day basis, affordable housing for individuals still able to live independently, and supportive housing for individuals needing assistance with basic needs.

Our Vision

Central Carleton Nursing Home will be viewed as a caring organization that values life, respects individual needs, hopes and fears while providing support to the individual, family and significant others throughout the natural process of life and death.

Our Values

Quality Care: the need to provide quality care to individuals who require total care on a 24 hour basis.

Assisted Living: the need to provide supportive housing form semi-independent individuals who require assistance with certain basic needs such as meals, laundry and housekeeping.

Affordable Housing: the need to provide affordable housing for individuals who are still able to live independently.

Equality: the need to recognize that our seniors have rights and individual needs worthy of dignity and respect, irrespective of race, religion, color, creed, economic or social status.

Innovation: the need to be innovative in the coordination of the skills and efforts of a widely divergent group of staff, volunteers and community members to care for physical, spiritual, social and emotional needs of our clientele.

Continual Improvement: the need to ensure the services provided are client focused and results oriented by continually evaluating outcomes.

Inclusion: the need to encourage residents and family members to be full participants in nursing home activities and have an active voice in the on-going care of residents.

Links to Community: the need to provide support and information to the community on resources available within the system.
